Hi so, I recently bought Fable 3 for PC, and I wanted to get all legendary weapons, since you can't get them on PC now a days. So I've stumbled across a post and it told me how to do it. There's only one problem. I have no idea how to use those scripts, like what am I supposed to do with these scripts? Do I need an extra programm, do I need to open the console?. Idk if anyone's still answering questions on here, I mean Fable 3 is kinda old, but I'd really appreciate the help.
